

# EBONY WILLIAMS

757-636-8498 | [ebony.williams@gmail.com](mailto:ebony.williams@gmail.com)

Frontend Developer with 8 years of experience in web development, focused on building accessible, responsive, and user-centered applications. Emphasizes performance, scalability, and inclusivity, with a reputation for communication, planning, troubleshooting, and leadership. Goal-oriented and self-driven, thriving in remote and collaborative environments, and eager to contribute to impactful and innovative projects.

## EXPERIENCE

**JULY 2019 – NOVEMBER 2024**

**SOFTWARE ENGINEER, Nerdery**, EDINA, MN

- Built and maintained responsive web applications using React, Next.js, TypeScript, and Tailwind CSS, with a focus on accessibility and user experience
- Generates and executes unit tests against JavaScript code
- Collaborated with designers and backend developers to create scalable, efficient applications, integrating Gatsby and Drupal where needed
- Improved frontend performance through optimization techniques and reusable code, reducing load times and enhancing usability
- Applied accessibility best practices with tools like React Testing Library and Jest to ensure compliance and inclusivity

**APRIL 2019 – JULY 2021**

**FRONT-END DEVELOPER**, ANTECH SYSTEMS, CHESAPEAKE VA

- Creates and maintains proprietary applications to support the US Navy's 3M program
- Generates and executes unit tests against JavaScript code
- Participates in full life cycle application development
- Identifies and resolves code defects
- Communicates with project management to formalize end user requirements and specifications
- Produces code based on user story requirements

**SEPTEMBER 2016 – APRIL 2019**

**WEB BUILDER**, TRADER INTERACTIVE, NORFOLK, VA

- Create mock website design using Adobe Photoshop, Illustrator, & XD
- Code and edit websites on WordPress based platforms using HTML/CSS and JavaScript
- Develop processes and improvements to enhance efficiency and effectiveness of Web Design Department
- Led design team and oversaw website build progress
- Established coding standards and CSS style guides for the Front-end Development Department
